

Saint Eugene School Good News Gazette

Trimester 3 June 2018

First Holy Communion

By Makiyah Springer

On Saturday, May 5th most of our second grade class as well as Ryan from the 3rd grade, and the second grade Prep class from Saint Eugene Parish received their First Holy Communion. Mallory DuBois from second grade said, "When I got my Communion I felt so emotional. The Communion tastes like a cracker without salt. To me, the most special part was when I got the Communion." Congratulations to everyone who received this special sacrament for the first time!

Adventure Aquarium

By Satpreet Suwan

Kindergarten, Grade 1, and Grade 2 went on a field trip to the Adventure Aquarium in New Jersey. This trip was a great way for the younger kids to learn about sea life, especially if someone wants to be a marine biologist when they grow up. Miss McPeak said, "I loved it there and I saw my favorite animal, the penguin." Also, Grace Bradley said this about the trip, "My favorite was the starfish and the stingrays. The sharks were a little scary." The Adventure Aquarium was a good choice for a field trip.

Living Stations

By Alexandra Lombardo

Living Stations was presented by the sixth grade on Friday, March 23 for the parish and Wednesday, March 27 for the school. Living Stations is an accurate presentation of what happened during Jesus' Passion and is a powerful prayer. The sixth grade worked hard to make this prayer as perfect as possible. They even practiced Living Stations during Confirmation practice and mid-term testing! Thank you to Mrs. Grande, Mrs. Hart and all the others who helped because without them, it would not have happened.

Reading Olympics by Morgan Gallagher

Reading Olympics is a club where you read books and then go to a competition and answer questions about the books. Mrs. McFadden works with the teams all year preparing them to compete. Mrs. Hart makes the team T-Shirts and on the night of the competition, they have pizza for dinner in the library. This year's competition was at Upper Darby High School. The fifth to sixth grade team won a red ribbon. The seventh to eighth grade team won a red ribbon also. Great job to both teams.

Lions Run

By Alexa Clineff and Victoria Rykard

Saint Eugene Home and School held the 3rd annual Lions Run. This 5k run was a big success. There were pretzels, pizza, water ice, and even a bouncy house! At the 5k run you could also purchase dress down passes for \$2.00 each. There were raffles and people had lots of fun. There was a 5k run in the beginning, and there was also a one-mile run or walk for kids! Thanks to Home and School for organizing this fun event.

Festival of the Arts

by Isabella Maloney and Ariana Maloney

On May 22, 2018 from 6:30 p.m. to 8:00 p.m., Saint Eugene School held the annual Festival of the Arts. There were

performances by the Drama Club, the school band, the third grade recorder class, and choir. Also, on display was the amazing, and incredible artwork that the students at Saint Eugene School have worked on all year. Miss Spirito loves doing the Festival of the Arts because she loves the inspiration, time, effort, and hard work that every kid in Saint Eugene School puts into it. She has been doing this art show for 6 years and each year the art featured gets better. Thanks to Miss Spirito, Mr. Banks, Mr. MacDonald, and Mrs. Fox for a great night.

Confirmation

By Annie Moore and Micah Acampado

On April 19, 2018 the Sixth Grade Class made their Confirmation at Saint Eugene Church at 4:00 PM. The Celebrant was Most Reverend Bishop John McIntyre. During the Homily the Bishop asked us questions about our faith. The 6th grade Confirmandi processed down the aisle with their sponsors as the St. Eugene Children's Choir sang the Litany of the Saints. The Bishop blessed the Confirmandi with Chrism. It was a very blessed evening.

8th Grade Baltimore Trip

By Sidney Caballero

On May 24 the class of 2018 went on a trip to Baltimore. They toured Camden Yards, and were allowed in the dugout. They also made a stop at Bubba Gump Shrimp Co. Students were given free time at the Inner Harbour to visit the aquarium, go shopping, and have dinner at any restaurant. Taylor Santangelo, an eighth grader who went on the trip, said, "I really liked the Baltimore trip, it was a lot of fun! I hope the tradition continues in following years."
